PROFESSIONAL SUMMARY

Dedicated Computer Science and Engineering undergraduate maintaining a strong academic standing (CGPA: 3.77). Skilled in software engineering, full-stack web development, and machine learning principles. Proven track record of developing feature-rich web applications, database-driven systems, and real-time platforms. Passionate about problem-solving, clean code architecture, and collaborative project execution.

EDUCATION

B.Sc. in Computer Science and Engineering — Jan 2023 – Aug 2026

*United International University (UIU) — **CGPA: 3.77 / 4.00***

- Multiple recipient of UIU Academic Merit Waivers (25% & 50%) for outstanding performance.
- Currently maintaining a **50% Merit Scholarship** waiver for undergraduate studies.

Higher Secondary Certificate (HSC) — 2020

*Rajshahi Govt. Model School & College — **GPA: 5.00 / 5.00***

TECHNICAL SKILLS

Languages:	C, C++, Java, Python, JavaScript, PHP
Web & Frameworks:	HTML, CSS, SQL, MySQL, Spring Boot
Tools & Version Control:	Git, GitHub, Git Bash
Core Competencies:	Object-Oriented Programming (OOP), Data Structures & Algorithms, Machine Learning

ACADEMIC PROJECTS

KoPassenger – Smart Ride-Sharing Platform

System Analysis & Design / Web Development Project

- Engineered a dynamic ride-sharing platform with **real-time route matching**, ride scheduling, and automated fare splitting.
- Integrated safety and communication features including **live tracking, verified profiles, SOS emergency support**, and in-app chat.
- Implemented a specialized **gender-based ride preference** feature to enhance safety and user comfort for travelers.
- **Awarded 2nd Runner-Up** in the UIU System Analysis and Design Laboratory Competition.

E-Commerce Web Application

Software Engineering / Backend Project

- Developed a robust full-stack e-commerce web platform incorporating product catalog navigation, dynamic image loading, user authentication, and shopping cart management.
- Designed relational database schemas and integrated structured query handling to maintain data consistency and seamless order management.

HONORS & ACHIEVEMENTS

- **2nd Runner-Up Award:** UIU System Analysis and Design Laboratory Competition (Project: *KoPassenger*).
- **Continuous Academic Merit Waiver:** Recipient of 25% and 50% tuition scholarship waivers at United International University.
